Cloud Service

Oracle Trained or Certified Resources.

Every enterprise is different and requires a different level of access to our resources. We provide flexibility in the setup of our team structure whether you need our resources locally on-site, off-site, or a combination of both throughout the duration of your project.

TEAM CONFIGURATION OPTIONS

ON-SITE

- » Full access to the team throughout the implementation
- » Team is based at the client site

ON-SITE + OFF-SITE

- » Full team is on-site for Inception and Discovery phases
- » Key team members on-site throughout the implementation
 - » For ease of communication and issue resolution
 - » Remainder of the team is off-site

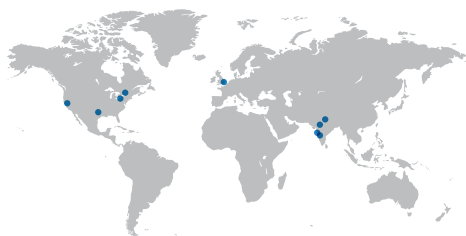

OFF-SITE

- » Full team is on-site for Inception and Discovery phases
- » Full team is off-site for all other project phases
